

Mazda MX-5 Cup Car Technical Service Bulletin #2021-01-19 #2

Optional: Radiator Vent Door Removal

This TSB describes: Competitors will be allowed to remove the vent doors on the rear of the radiator shroud, to improve air flow through the radiator. There are four vent doors on the Driver's side and one on the Passenger side of the rear radiator shroud.

For any questions about this TSB, please contact us: **Flis Performance**
