

Mazda MX-5 Cup Car Technical Service Bulletin #2021-03-25

Required: Muffler Delete Pipe – Updated: **Remaining Race Events**

This TSB describes: The Muffler Delete Pipe is required to be installed for the remaining race events. This Muffler Delete Pipe reduces damage to both front / rear bumper covers and assists with managing brake temperatures. There is an 8LB difference from the Muffler Delete Pipe weighing 6LBS and the MX-5 Cup Muffler weighing approx. 14LBS. Please adjust total weight accordingly.

**We may implement the MX-5 Cup Muffler at any of the upcoming events we deem necessary.
Please keep your MX-5 Cup Muffler in your race inventory at every event.**

Note: Pending Mazda Motorsports Part number. You can buy this part directly from Flis Performance at this time.
